Notes:

1. Students who were accepted in the 1st and 2nd placements but could not come to Turkey on the final registration dates can register until November 30, 2024, if there are vacant quotas in the relevant quotas.
2. In the Open Application Period, if the quotas are not filled in the first 3 placement periods, international student registrations will be carried out according to the "First Come, First Register" method, provided they comply with our university's application criteria. During this process, candidates who apply will be registered in the departments they want if there are vacant quotas in the department they applied. To get information about vacant quotas, it is necessary to apply to the International Student Coordinator's Office in person.
